

AMERICANS KILLED IN NICARAGUAN BATTLE

FOUR PRIVATES SLAIN AND A NUMBER WOUNDED.

American Marines and Bluejackets Drive Rebel Leader From Coyotepe After Hard Fight—Starving Inhabitants of Mazaya to Be Relieved.

Washington, Oct. 5.—In a gallant assault, American marines and bluejackets, yesterday, drove the Nicaraguan revolutionary leader General Zeledon and his forces from Coyotepe and Barrancas hills near Mazaya, after 37 minutes of fighting, but in the action four private of the United States marine corps were killed and a number were wounded.

The victory of the Americans opened the way for the Nicaraguan government troops to assault the town of Mazaya, which they took from the revolutionists and the starving inhabitants were relieved. The Nicaraguan losses were heavy, while the government forces lost 100 killed and 200 wounded. General Zeledon, the rebel, escaped, but later was cornered and killed by a troop of federal cavalry. One thousand American marines and bluejackets under Lieut. Col. Charles G. Long are moving on the city of Leon, the remaining rebel stronghold.

The American marines killed were: Private Ralph Victor Bobbett, enlisted at St. Louis, his father, William H. Bobbett, lives at Nevada, Mo. Private Charles Hays Durham, enlisted at Indianapolis. His mother, Mrs. Lue Durham, lives at Junction City, Ky.

Private Clarence Henry McGill, enlisted at Boston. His aunt, Mary Herbert, lives at 26 Hancock street, Portland, Me.

Private Harry Pollard lives at Medway, Mass.

The Americans most severely injured were:

Second Lieut. George W. Martin, Co. C, first battalion, enlisted at Boston. His mother, Mrs. Flora A. Martin, and wife, live at 437 Medford street, Winter Hill, Mass.

Sergeant A. P. Sherburne, enlisted at Boston. His mother, Mrs. Francis L. Sherburne, lives at Georgetown, Mass.

Private William Harvey enlisted at Boston, relatives not known.

Private Alfred Lunder enlisted at Fargo, N. D., his brother, David Lunder, lives at Baker, Mont.

T. B. Captain, ordinary seaman of the cruiser California.

The navy department cannot identify Captain and asked Rear Admiral Southernland for information.

Admiral Southernland, in reporting the battle to the navy department, said: "The department and the country have every reason to be proud of the officer, marines and blue-jackets who were engaged in this action."

Admiral Southernland's despatches made it plain that the defeat of the rebels was complete. Zeledon, a Nicaraguan, and formerly supporter of Zelaya, fled toward the Costa Rican boundary for escape. A band of federal cavalrymen discovered him some distance from Mazaya and gave fight. When they defeated him and his followers he was found fatally wounded and died later.

The shedding of American blood in Central America is expected to bring to a climax in congress the dispute over the right of this government to intervene in Nicaragua. Less than a month ago Acting Secretary Huntington Wilson served a formal notice upon the Nicaragua government of the policy of the United States to "take measures for an adequate legation guard at Managua to protect open communications and to protect American life and property."

The Nicaragua government had already declared willingness and even anxiety that the United States should act, finding itself fully engaged in fighting the rebels.

State department officials are fully prepared for any adverse criticism of the use of the American naval forces. The answer probably will be given in an elaborate memorandum to be submitted to congress by the state department, at the beginning of the next session. It will be summarized:

"An examination of the authorities appears quite clearly to show that one state may, without just cause for offense to another state thus interpose in favor of its national residents in the other state, and there is not a little authorities for the proposition that such interposition by the one state, as against the other, is a matter of right and indeed duty."

In the list of authorities referred to, include cases where the United States has alone and with others, landed forces in times of revolution in foreign countries, to protect American interests.

Capture Insurgent Fortresses. San Juan del Sur, Oct. 5.—American marines and sailors assaulted and captured the insurgent fortresses of Mazaya on Barranca and Coyotepe Hills yesterday morning. The government force afterward defeated the insurgents and drove them out. The two hills, which lie just outside Mazaya have been an insurgent stronghold since the outbreak of the revolution. Both were strongly fortified with cannon and machine guns.

Coyotepe is 200 feet high. Barranca is 100 feet high.

CHICAGO'S "LEVEE" DISTRICT CLOSED

QUARTER DESERTED FIRST TIME IN FORTY YEARS.

Hundreds of Painted and Beddified Outcasts Pour Out Into Michigan Boulevard and Storm Business Section—Many Leave City.

Chicago, Oct. 5.—Chicago has no South Side "levee" tonight. The segregated vice district which has been a brightly lighted, crowded quarter in the heart of Chicago ever since the great fire of 1871, was dark and deserted for the first time in forty years.

The "levee" is populated, according to statistics collected by the vice commission, with 4,000 denizens of the underworld, 2,200 of whom were women of the class against which the city and federal legal campaign is being waged.

Covered by wholesale arrests of the past three days, and dreading those to come from the city detectives and United States marshals who are working together, the "levee" emptied itself late today into the city. State's Attorney Wayman declared that he would blot the levee out of existence before December 1.

Turn Inmates Into Street.

The "leveekeepers" today decided that they would turn the inmates of their dives into the street and ordered them to seek lodgings in other parts of the town. They closed their houses and dance halls and fled, some to Chicago's West Side and North Side tenements, some to conceal themselves in other cities.

St. Louis was the mecca for many of the night traffickers who were piling into trains out of Chicago this afternoon.

Meanwhile the homeless, friendless inmates of the illegal resorts to the number of nearly 1,500 poured out into Michigan Boulevard.

Dress in Gaudy Attire.

The women had been ordered by "leveekeepers" to dress themselves in their gaudiest dresses, to paint their faces with extra brilliant and to go out and find other places to live, for the present at least.

It was intended that the exodus should be an administration of what it would mean to the city to have the segregated vice district broken up and an army of several thousand outcasts driven to mingle with the population.

The exodus of the underworld took place along the wide boulevard, passing the rolling processions of motor cars and mingling with the well dressed, leisurely strollers along "automobile row" poured the throng of painted and beddified outcasts. Some were weeping, some were laughing, some were the worse for liquor, some were cowering and some were self-possessed and brazen.

Invade Principal Hotels.

The crowd descended on the downtown business quarter and invaded the principal hotels, demanding accommodation. They sought rooms and board in residence houses nearby and spread out into some of the most fashionable parts of the city, convenient to their steps.

One of the chief arguments against the "levee" has been that it occupies one of the most desirable sections of Chicago near the old time neighborhood in which are the home of Chicago's founders. It was learned by the police that the invasion of the women was ordered by the proprietors to enforce their claims of the necessity of confining resorts to one quarter.

Late at night most of the outcasts had found shelter. Many of the inmates of the underworld resorts live part of the time elsewhere in flats, and these had guests sleeping in every bed and on the floors. The ones who had money took trains and got out of town. Wealthy "friends" were in requisition and the houses remain, with their furniture and equipment but they are deserted except for a few who remained to watch the property.

PREPARING FOR TOUR.

Roosevelt Rests in Preparation For Trip Through Central States.

Oyster Bay, N. Y., Oct. 5.—Secluded from the outside world, Colonel Roosevelt rested tonight in preparation for his next campaign tour. He reached Oyster Bay from New York this afternoon the colonel said he intended to have 48 hours of rest with his family. He gave instructions that no one should be permitted to see him and that no messages should be delivered. The colonel would read no letters, telegrams or newspapers, and even his campaign managers were not to communicate with him. During his brief vacation he expected to give no more thought to politics than if the campaign were not in progress. This afternoon he went on a long tramp through the woods.

Colonel Roosevelt will leave Monday afternoon for what is regarded by his managers as a most important tour, which will take him into the central states. He proposes to limit his speeches to one or two a day.

The Indians demand reparations for the loss of their alleged rights to the lake front occupied by the Illinois Central tracks and yards. The railroad attorneys filed notice in the federal court today demanding that the Indians' attorneys show authorization from each of their clients to the number

WILSON AND BRYAN MEET IN LINCOLN

GREAT OVATION GIVEN BOTH AS THEY RIDE THROUGH CITY.

Democratic Presidential Nominee and Three-Time Standard Bearer of Same Party Greet Enthusiastic Crowds.

Lincoln, Neb., Oct. 5.—"Hello, Mr. Bryan, Hello Mr. Bryan." "Welcome, welcome, Governor." These words alone, and a cordial handshake bought together here to night, for the first time since the national campaign opened the presidential nominee of the Democratic party and the man who three times was the standard bearer of the same party.

As the governor stepped from his private car virtually into the arms of Mr. Bryan, the din of cheers and cries of enthusiasm from thousands of throats practically swallowed up the two men. They brushed their way through the crowd to waiting automobiles.

With the blowing of whistles in the factories, the tooting of automobile horns, the presidential nominee and the former nominee rode together through a congestion of humanity which crowded the streets of Lincoln for scores of blocks. There were cries of "Bryan and Wilson" and "Wilson and Bryan," for Mr. Bryan himself returned only to day from a six weeks' stumping tour through the west.

As the crowds pressed around the automobile it was with difficulty that the night traffickers who were piling into trains out of Chicago this afternoon.

COUNTERFEITERS AT WORK

New York, Oct. 5.—Counterfeiters are at work on bogus tickets for the world's championship baseball game here next week, according to reports tonight. The counterfeiters' plan is declared to be the work of scoundrels of the most "crooked" sort, who, having little chance to reap harvest in speculation this year, have designed to fleece the public particularly people from out of town.

EAST SIDE GANG LEADER KILLED

WAS PROSPECTIVE WITNESS IN ROSENTHAL CASE.

Philip Davidson Jumped Into Trolley Car and Fired Fatal Shot—Leaps From Car and is Later Caught by Police.

New York, Oct. 5.—"Big Jack" Zelig was shot and killed to night. The East Side gang leader and prospective witness in the trial of Police Officer Herman Rosenthal, the gambler, which begins Monday, was seated in a Second Avenue trolley car when Philip Davidson, who says he is a fruit dealer, jumped on the running board and fired the fatal shot.

Davidson leaped from the car and ran away, but was caught with pistol in hand.

Zelig mortally wounded, was rushed to Bellevue hospital, but before the ambulance reached the institution he was dead. On his body, the police say, only \$2.34 was found, although a well-dressed woman, whose identity was not learned, visited the Bellevue morgue not long after Zelig's death and asked the authorities not over to her \$500.

DECLARE MANY BETRAY TRUSTS

Prof. Ross Says More Than One Clergyman Lays His Convictions Away in Cold Storage When He Goes to a New Charge.

Chicago, Oct. 5.—Ministers who betray their trusts were declared to be many by Prof. Edward A. Ross of the University of Wisconsin at the afternoon session of the Rock River conference. "More than one clergyman lays his convictions away in cold storage when he goes to a new charge," he said. "He is afraid he will step on some one's toes. He may get up to speak on the relations of employers to employees, but when he sees in his congregation some head of a business notorious for the bad way he treats his employees, but who is an important member of the church, the preacher decides to make his sermon an attack on 'Mormonism.'"

Prof. Ross said modern conditions had produced better men than the good Samaritan. The good Samaritan only risked running up a big hotel bill, he said. "The government inspector who turns in a true report and loses his job; the country editor who points an expose and loses county printing; the prosecutor who brings rich and poor alike to the bar and ruins himself politically, all are braver men than the Samaritan."

A return to the enforcement of the Methodist "discipline" was advised by the Rev. Charles B. Mitchell of Chicago.

"It would be well for the young women of the church to return to the plain dresses of Methodist women years ago," he said to the Epworth league meeting. "The fashions of the day are ungodly. Gowns are too short on top and too short at the bottom and too close around. It would be well for our girls to let the world know that they do not belong to the crowd."

FILE STATE TICKET.

St. Paul, Minn., Oct. 5.—A Progressive state ticket was filed with the secretary of state of Minnesota today. The ticket is headed by P. V. Collins for governor and includes a full presidential electoral ticket.

CHARGES PLOT FOR EXPLOSION IN EAST

PROSECUTION SAYS McMANIGAL WAS CHOSEN FOR JOB.

In Narrative of This Charge Mr. Miller Says J. J. McNamara Arranged For McNamara to Go East and Cause the "Echo" of Times Disaster.

Indianapolis, Ind., Oct. 5.—Five days after the blowing up of the Los Angeles Times building, when 21 people were killed, a plot was considered by the McNamaras to cause a similar explosion on the Atlantic coast.

Charles W. Miller, United States district attorney who is conducting the prosecution of the accused "dynamite plotters" before Federal Judge Albert B. Anderson so asserted in delivering the government's outline of the case before the jury today. Mr. Miller said Orrie E. McManigal had been selected to do the job and was sent east from Indianapolis to Massachusetts.

Miller said that McManigal was chosen for the job because he was a "dynamite plotter" before Federal Judge Albert B. Anderson so asserted in delivering the government's outline of the case before the jury today. Mr. Miller said Orrie E. McManigal had been selected to do the job and was sent east from Indianapolis to Massachusetts.

In his narrative of this particular charge Mr. Miller said that McManigal returned to Indianapolis from Kentucky the morning of October 2, the day after the Los Angeles Times was blown up. "He immediately called up the head quarters of the International Association of Bridge and Structural Iron Workers" and talked to John J. McNamara on the telephone. Mr. Miller continued, "McNamara said, 'come right over here.' McManigal went over and said 'did you read about that Los Angeles job?'"

"Yes said McNamara. 'Do you know who did it, or was it some of those fellows on the Pacific coast?' asked McManigal. 'I don't know yet.' Then McManigal asked McNamara whether he had heard from Jim, meaning J. B. McNamara. J. J. McNamara reached over to his desk and got a post card of the Times building or of a sign near the Times building which said 'The Himes for the News.' J. B. McNamara had written beneath 'It will soon read, the news for the Times.'"

Heard From J. B. McNamara.

"I received that postal several days ago but I haven't heard anything further," added John J. McNamara. On October 5, McManigal again asked John J. whether he had heard anything from James B. John J. answered, 'yes, he's all right. He was 200 miles away when the Times explosion occurred. Now what I want is an echo of the Times explosion in the east so as to make 'em sit up,' but I want you to change that alias of J. W. McGraw. It's been hanging around you too long. That's the trouble with James B. He had been hanging on to J. B. Bryce too long and now they are looking for J. B. Bryce on the Pacific coast.' It then was arranged for McManigal to go east and cause the 'echo' of the Times disaster."

Miller said McManigal traveled with the east with explosives in a suit case, finally blowing up a railroad bridge at Worcester, Mass., on Oct. 10th. He declared the executive board of the union on December 8th, 1909, appropriated \$11,000 and that of this John J. McNamara was paid at the rate of \$1,000 monthly with the specific understanding that McNamara was to use it to defray the expenses of dynamiting. That McNamara drew on the fund regularly up to and after the Times disaster, his checks being indorsed by Frank M. Ryan, president and other officers of the union, whom are on trial.

TO BUY CEMETERY SPACE.

The city council recently adopted an ordinance vacating certain land in the northwest part of Diamond Grove cemetery. The tract vacated has been used as a roadway and as it joined land that was desired for burial purposes by Jacksonville State Hospital it was necessary to pass the ordinance mentioned. For a number of years the hospital has been using land to which it had no title and an agreement was recently reached for the city to sell to the state this tract for burial purposes. The hospital will pay to the city, for the land, about \$800. For a time the State Board of Administration favored having a burial ground in one corner of the property the state owns, but Dr. Carrie was opposed to this plan and got the consent of the board to make arrangements for the cemetery lot at Diamond Grove.

EIGHT KILLED IN AUTO COLLISION

THREE MACHINES MEET ON BRIDGE.

One Machine Was Catapulted Over Bridge Into Coal Yard and Eight of Occupants Killed—Seven Are Residents of Philadelphia.

Philadelphia, Oct. 5.—A collision on a bridge in which three automobiles were involved, resulted in the death of eight men tonight at Eighty-third and Thomson streets in this city.

One of the machines containing nine men came on the bridge at terrific speed. Its rapidly approach was seen by John I. Spade, a contractor who was going over the bridge in the opposite direction in a motor. He tried to avoid the car, but was too late in steering out of its way and a collision followed. A third automobile was directly behind the speeding car and ran into it with the result that the first machine was catapulted over the bridge and into a coal yard.

The other two cars were damaged but their occupants were not injured.

One of the dead is Edward Shaw, Jr., of Merchantville, N. J., near this city. The others killed were all of Philadelphia.

Others identified were: David Wilkes, Cordon H. Miller, C. B. Jefferson, R. A. Boyd, Wm. L. Lawrence, R. Geisel, one unidentified.

EJECT SUFFRAGETTES FROM MEETING

Miss Malone Put Out of Political Meeting Being Addressed by Governor Johnson.

New York, Oct. 5.—Maude Malone, suffragette, was ejected from a political meeting in Carnegie hall tonight when she interrupted a speech by Governor Johnson, Progressive vice-presidential nominee.

"What about woman suffrage," called out Miss Malone.

"I will answer that question presently," Governor Johnson promised.

Miss Malone continued to stand and from all parts of the hall came cries, "put her out."

"No," Governor Johnson said, "let her remain."

But the audience continued to call for the woman's ejection. Several men seized her and she was forced, struggling, to the sidewalk. After the occurrence, Governor Johnson expressed regret and resumed his speech.

MAKES LETTER PUBLIC.

Perkins Gives Out Letter to W. J. Bryan Replying to Nebraska's Utterances.

New York, Oct. 5.—George W. Perkins, one of the chief political and financial backers of Col. Roosevelt, in his campaign for the presidency, to night made public a letter written to Col. William J. Bryan, replying to utterances of the Nebraskaan.

Mr. Perkins says he has given up business in order that he "might have more time to help fight such vagaries as you and others have been trying for a number of years to put over on the people of the country."

He says his political activities have been undertaken on his own initiative because he believes in the principles for which he is fighting.

Chicago, Oct. 5.—Charges by Peter Barten, president of the county board of Cook county, that eight county commissioners solicited bribes of \$10,000 each from the owner of property being considered as a hospital site were laid before State's Attorney Wayman by Mr. Barten to day. BELIEVE WAR WILL COMMENCE SOON

INDICATIONS ARE THAT IT WILL BE DIFFICULT TO HOLD FORCES.

Premier Asquith Has Not Lost All Hope—British Government Is Placed in an Awkward Position—Mobilization Is Proceeding.

London, Oct. 5.—The lightnings still fail to strike from the eastern war cloud, but British diplomats cherish little belief that the storm will be deferred for longer than a day or two. News to night of a collision on the Turkish-Montenegrin border, which the Turkish government considers to amount to belligerent action, indicates it will be difficult to hold the opposing forces in restraint. Concerning this engagement the Porte withholds details from the newspaper, but if either side is anxious to bring on a small battle it has plenty of opportunities to do so. The best Premier Asquith could say in a speech to night was that he had not lost all hope. Great Britain apparently is not making a leading part in the negotiations of the powers. Sir Edward Grey, the British foreign secretary, remains at his country place.

The British government is in an awkward position having to take into consideration the traditional feeling of Macedonia Christians, which is strong among the masses, against its policy of cultivating Turkey and respecting the sympathies of millions of Mohammedan subjects.

Since Russia's racial, religious and political ties are all with the Balkan states, while Austria's interests are opposed of them, and Germany is a strong friend of Turkey, it is hard to imagine any common and effective action these powers can unite upon which the Turks and Balkans will accept.

Meanwhile mobilization is proceeding in Turkey, Greece and the Balkan states, with mobs occasionally stoning the consulates and the people apparently bent on war.

Turks Repulse Montengrins.

Constantinople, Oct. 5.—An engagement has taken place near the Montenegro frontier between Turks and Montengrins. The Montengrins were repulsed, according to advices received here. Assim Bey, former minister of foreign affairs, has gone to Roumania to seek the support of that state in the Balkan difficult.

A circular addressed to the powers, after reciting the Ottoman government's efforts to maintain peace and the threatening attitude of the Balkans declares the Ottoman people are "ready to accept the latest challenge thrown down to it, is prepared to repel any attack on the security and dignity of the empire."

The note also declares that "if the powers take too long to agree upon the forcible measures, which the circumstances dictate hostilities may be precipitated before intervention can be effected."

Receives Favorable Response.

Paris, Oct. 5.—A favorable response to France's suggestion of intervention in the Balkans was received from Great Britain today. At the same time the British government suggests that whereas intervention at Constantinople should be made by the great powers acting as a unit, the intervention at the Balkan capitals should be left to Russia and Austria.

Herr von Kinderlin Wachtel, the German foreign minister, has accepted the proposal on behalf of Germany and now only awaits a formal word of confirmation from the German emperor. This is expected at any moment as also the support of the Austro-Hungarian government.

France's suggestion has thus been ratified by Russia, Germany and Great Britain. It includes a collective representation, removing the warlike attitude of the Balkan states toward Turkey and expressing the determination not to permit territorial changes while the powers promise to themselves undertake the realization of Macedonian reforms.

Sazanoff Sums up Situation.

Price, Oct. 5.—"Perhaps a little less sombre than yesterday," the phrase in which the Russian foreign minister, M. Sazanoff, this afternoon summed up the Balkan imbroglio still holds good tonight. It is a race between the diplomats and the militarists with the statesmen apparently slowly gaining on the soldiers in the hope of defeating their desire for war.

One Hundred Montengrins Killed.

London, Oct. 5.—A news agency despatch from Potcha, Bosnia, reports that a Montenegrin brigade near Nefertara attempted to cross the Tara river into Novibazar, Turkish territory, Thursday and was opposed by the Turkish frontier guards. Over 100 Montengrins were killed and the remainder returned.

The commander who was acting on his own responsibility has been recalled.

Was Permanent Peace.

Belgrade, Oct. 5.—In his address to the Skupstina, which opened today, King Peter declared that the mobilization of the Serbian army was due to the attitude of Turkey. He sent troops to the Serbian frontier and added that Serbia would do everything in its power to establish real and permanent peace in the Balkans.

LABOR MAN ATTACKS SYSTEM

Denounces System of Education in State at Present Time.

Chicago, Oct. 5.—Edwin E. Wright, president of the Illinois State Federation of Labor attacked the system of education in the state today, in an address delivered before the George Howland club, an organization of public school principals.

Mr. Wright urged advancing the age of compulsory education from 14 to 16 years and advocating the addition of school books.

"How the boy leaves school at 14 and all he does is to learn to smoke cigarette, use bad language and get into jail," said Mr. Wright. "Working men who send their children to school are not satisfied with the results. The proportion of children population attending school is less than in former years. Twenty-five years ago 25 out of every 100 children went to school, now the proportion is only 17 in 100. There are 11,788 school districts in the state and if a man moves from one to another he has to buy an entirely new set of books for his children."

SPANISH RESENTMENT DIES.

King's Special Ambassador Carries Felicitations to President Taft.

Washington, Oct. 5.—Spanish resentment against Americans as a result of the Spanish American war, has ceased to exist, and so desirous was King Alfonso of impressing this as deeply as possible upon the government and the people of the United States that he appointed Dr. E. Y. Yorrente as an Ambassador extraordinary to carry felicitations to President Taft. Dr. Yorrente was a delegate to the International Congress of Hygiene and Demography here, but the fact that he was the Spanish king's special ambassador did not become known here until tonight. He returns with expressions of good will from President Taft and the American people to King Alfonso and his people.

ONE-THIRD FAILS TO REGISTER.

Chicago, Oct. 5.—More than one-third of Chicago's voters failed to register today for the presidential election. This was the first of two days for registration, and out of 450,000 eligible, according to the spring registration, 281,770 voters were enrolled on the registry list. On this number 156 were women, who under the laws of Illinois are entitled to vote for university trustees.

ACCIDENTS AND OTHERWISE.

Manager Harris Injured in Fall at Elevator.—Arthur Harris, manager of the Virgin Grain company's elevator, was quite badly hurt, though his injuries are not considered serious. The accident was caused by a hook on the main lift becoming unfastened and as Mr. Harris was about to step from the lift, it tipped with him and he was thrown to the floor below, a distance of twelve feet.

An Electrical Fire.—Telephone service between Canton and Peoria over the Canton Home Telephone company's lines, was badly crippled, Friday, on account of a fire in the office of the Inter-State Telephone company in Peoria, late Thursday night, which completely wrecked the entire exchange plant and burned out the switch board. The loss is estimated at \$30,000, partially covered by insurance.

Chaplain Commended.—Rev. I. Villars, chaplain of the state penitentiary, was recommended to a continuance of that office, this morning, at the Rock River conference at the First M. E. church of Evanston. His work in Joliet was commended warmly.

Instantly Killed.—Leonard Strom, an employee in the Rock Island shops, Moline, was instantly killed when he jumped from a moving train in front of an approaching freight train. His head was severed from the body.

Bad Runaway.—Frank Grogan, of Athens, while driving to Petersburg, in company with Ed. Cantrall of Athens, met with an accident. The horse they were driving became untractable and ran away. Mr. Grogan's leg was broken and he was considerably bruised. He was taken to the hospital in Springfield.

WORK GUARANTEED AT COTTAGE PLANT

New Machinery Installed by H. W. Sparger Marks Distinct Advance in Cleaning Methods.

New equipment just installed by H. W. Sparger, proprietor of the Cottage Dyeing and Cleaning establishment on North West street, has made the plant entirely modern and up to date. Mr. Sparger has had years of experience in the dyeing and cleaning business and so when it came to the matter of equipment he was posted and knew the best to buy. That's the kind he has installed and a visit to the Cottage Works will convince any visitor that there is every reason to expect the best work there.

Any cleaner can give fair satisfaction on plain work but at the Cottage Plant it is possible to get absolute satisfaction on the most elaborate dresses and upon heavy materials like portiers and spreads. Many a fine garment has been spoiled by a cleaner but every citizen of Jacksonville can rest assured that any article of garment may safely be entrusted to Mr. Sparger. While the work of his establishment has grown in a large degree to a specialty on cleaning, the fact that he is a tailor of long experience is the greatest aid to him in the conduct of the business. The Sparger methods, used at the Cottage Cleaning and Dyeing Works, are synonymous with satisfaction, in cleaning, pressing or dyeing.

INTEREST IN CROPS INCREASES.

Supt. Montgomery is gratified to note the growing interest among the schools of the county in agricultural matters. At Murrayville, Little York and Appalonia a prize of money ten dollars has been raised to be used in stimulating interest in the exhibits at the Farmers' Institute. Other schools will doubtless follow this example and the result will be a greatly increased interest in farm affairs. More and more people are coming to a realization that the best business known is that of farming and the increased price in farm lands is presenting continually new problems for solution. There is need for greater economy in farm management and for the development of ideas to increase production.

AMERICANS KILLED NICARAGUAN BATTLE

(Continued from Page One.)

anca is about 300 feet high. The railroad from Managua to Granada runs between and is commanded by the hills. This fact led the American admiral, William Southard, to demand the surrender of the fortresses. This was refused by General Zeledon commanding the insurgents.

Bombardment Continues All Day.

At 8 o'clock Thursday morning the Americans began a bombardment of the two hills. This continued all day, but apparently with little effect. During the night the American forces moved around to the opposite side and before daybreak were in position—Major Smedley in the center, a battalion of marines on the east side of Cayotepe, Major McKelvey's command on the northeast and a battalion of sailors on the north. Col. John H. Pendleton was in supreme command. At daybreak they had gained a position of 600 yards from the entrenchments and as the light came up over the hills fired one volley and charged.

The rebels not expecting an attack from that quarter were taken by surprise. Many of them fled, others stood and fought fiercely with machine guns and rifles. The onward rush of the American troops could not be stopped. In 37 minutes they had gained the crest of the hill.

Forty Insurgents Killed.

The fierceness of the fight can be judged by the fact that forty insurgents were killed and 75 wounded. Only 15 were taken prisoners. In the charge four marines of Co. C, under Captain Arson, were killed by the fire of machine guns and eight were wounded. Two or three of the wounded are in a serious condition, including Lieut. Martin.

The names of the dead marines are Bobbett, Durham, McGill and Pollard.

All of the kill and eight wounded men in this company, which was advancing through a gulch down which the machine gun was turned. Eventually a bullet struck the machine gun putting it out of commission. The rebels fought like tigers and a number of Americans in other companies were slightly wounded.

Turn Guns on Barranca.

Having effected the capture of Cayotepe, the guns were turned on Barranca, which was taken without much trouble by the American forces. The rebels retreated to Mazaya.

The government forces had formed in line waiting for the word to advance and attack the city. This done immediately after the capture of the two hills. The federals gained an entrance to the city and threw up barricades. Then began fighting in the streets with the rebels massed at the church in the plaza. The federals finally drove them within the walls within the walls of the church. About noon they succeeded in breaking down the church door with a well directed shot from a gun and rushed inside.

The slaughter was terrible. Practically all the rebels were killed or wounded and many of the federals shared a like fate.

General Zeledon Killed.

General Zeledon made his escape from Mazaya wounded, but was overtaken about ten miles away by a squad of federal cavalry. In a fierce encounter which followed he was killed.

General Zeledon is the insurgent officer who bombarded Managua in August, which resulted in the death of 136 women and children.

Cayotepe Hill has been known in Central American warfare as impregnable, never having been captured.

THE COUNTY ELECTION.

In the present campaign which is being waged so much interest centers about national and state issues that there is danger of entirely forgetting county affairs. In the primary election last spring the Republicans selected a good list of candidates for office and they are deserving of the party support and of aid from other voters who have an eye single to efficiency in office.

John A. Rawlings, candidate for circuit clerk is just completing a four year term in that office. During his administration the work of the office has been given careful and competent attention. Court records and books in the recording department have both been kept in the best possible manner. A number of betterments have been introduced and Mr. Rawlings has certainly made a record which entitles him to re-election.

F. L. Gregory is the Republican nominee for state's attorney. Mr. Gregory after graduating from Illinois college in 1901 went immediately into the office of Worthington & Reeve. Subsequently he took a law course at Northwestern university. He served a year as city attorney under Mr. Morrissey and afterwards was elected to the office for two years. He has ability as a lawyer and is of unquestioned integrity and would devote himself unreservedly to the office if elected.

All of his fifty-four years have been spent by Allison Thomason, candidate for commissioner, in this county. He was born on a farm near Markham and still lives there, although for some years he lived on a farm he still owns near Lynnville. Mr. Thomason is a very successful farmer and thoroughly understands the needs of the county. He is a man of the highest character and would prove a capable official. There are two Democratic members of the board now and if the Republican party is to be represented Mr. Thomason must be elected. He will get a lot of Democrat votes because of his popularity and from the fact that many voters believe that it is the wise course to have both parties represented on the county board.

George V. Skinner is the Republican candidate for the office of coroner. Two years ago he was elected to fill out the term of Louie Piepenbring, resigned, and his conduct of the office has been entirely satisfactory and efficient. Mr. Skinner has lived in Jacksonville for thirty years and no man can find fault in his record as a citizen to criticize. He has proven an official with a high sense of duty and he deserves earnest consideration at the hands of Morgan county voters.

STATE FAIR VISITORS.

Hundreds, probably thousands of Jacksonville people will visit the big state fair this week. Probably few of them will spend much time in shopping and this is as it should be. The stores of Jacksonville are fully equal to those of Springfield and the stocks carried here are just as large and varied as those of the Capital City. A comparison of prices will show in favor of Jacksonville. Aside from the matter of prices there is little satisfaction in buying in haste. The better plan is to buy here at home, with plenty of time for making selections, remembering that Jacksonville merchants will be constantly ready to make good any defect or to allow exchanges when advisable.

Today eat turkey dinner at the Peacock Inn.

A RECORD BREAKER.

Chicago, Oct. 5.—Quick marriage records were broken here today by Miss Vera Cleary and Dr. F. C. Habermore, both employed in the city health department.

They were married while at luncheon. Miss Cleary did not come back to the office. She telephoned later to T. E. Olson, chief of the bureau of hospital, that he would have to get another secretary. A short courtship preceded the wedding.

HOLDING MARINES IN READINESS.

Norfolk, Va., Oct. 5.—Orders were received at the Norfolk navy today to hold all marines at this station in readiness to sail for Nicaragua in ten days. The same order, it is said, was sent to every naval station on the Atlantic coast.

EVIL DOERS.

Another Crime by Taxicab Bandits—Chicago's taxicab bandits added another probable murder to their series of crimes early yesterday when they beat into insensibility and fractured the skull of Nicholas Cozagar, a saloonkeeper, whose place they entered and robbed. Two men and a woman were in the taxi that stopped at the saloon before daylight. The woman acted as lookout and remained in the automobile until the men committed the robbery. Earlier, the highwaymen supposed to be the same gang, held up the Timothy Prindleville station agent at the St. Louis avenue station of the Metropolitan.

Circus Rider Seeks Death—"Billy" Waters, a lady bareback circus rider attempted to take her life in the Commercial hotel by the gas route. A bell boy detected the odor and called the pulmotor, used to resuscitate gas victims. The machine cheated the girl's plans and she is in the hospital and anxious to live. She gave no reason for her act.

Held for Highway Robbery—Dan Huston is held in Petersburg for highway robbery. He was beating his way on a C. & P. & St. L. freight train with some others and while enroute he attacked one of his companions, beat him, robbed him and kicked him off the train. He was arrested by a special officer who managed to track him to the woods and get the drop on him before the suspect could draw his revolver which he dropped in the weeds when he saw he was to be taken. The weapon was afterward found.

Disorderly Boys—Autoists and drivers of teams have been annoyed on a certain dark street in Freeport by boys throwing all sorts of missiles at them. Finally a few were caught and proved to be grown young men and they were brought up standing.

Couldn't Sink—Adolph Krueger, 78 years old, of Peoria, was tired of life, poor and desperate and threw himself into the river, but floated for

BOY SERIOUSLY WOUNDED.

Moline, Ill., Oct. 5.—William L. Lay, 10 years old, was shot through the abdomen here today and will probably die as a result of playing highwayman with four boy friends and a revolver supposed to be unloaded. While three boys held Young Lay, the fourth pointed the revolver at him and pulled the trigger.

FATHER COSTA QUIT; HAD LONG PASTORATE

Resigned Post in Galesburg After Thirty-Five Years Service—Jacksonville Catholic Church Was Built During Ministry Here.

Very Rev. Dean Joseph Costa of Galesburg announced in his church Sunday morning that he had decided to retire from the active direction of the affairs of the parish, over which he has exercised an influence for the past thirty-five years.

The announcement was brief, but it was impressive and there were many eyes that dampened with tears when the resignation of the old man's remarks were realized. His health and age have for a long time been striving to overcome the indomitable will and spirit of the priest but he has continued his work for the church throughout all these years and has gained the love and reverence not only of his parishioners, but of the whole city.

Rev. Joseph Costa, O. C. R. D., was born in the town of Pettinengo, province of Biella, in northern Italy on the 18th of October, 1823.

After a good elementary training in letters and music in his native city he entered the "Bachette" college. He entered the Order of Charity after the usual novitiate of two years.

In 1851 he went to England where in 1853 he was ordained a priest at Oscott college by the Rev. Bernard Ullahorne, Bishop of Birmingham. As priest, Fr. Costa spent eleven years in England, and during that time he was employed in giving missions throughout the country, as well as in many parts of Ireland and Scotland.

In 1864 Fr. Costa was sent to the United States by the general of his order, at the request of Dr. Young, Bishop of Alton, Ill. The principal fields of his labor in Illinois, before he came to Galesburg, were Springfield, Jacksonville, El Paso, and Lincoln. He built the church and schools at Lincoln and has always left some mark of his improving hand wherever he has been stationed, but the crowning work of his life was reserved for Galesburg.

In the spring of 1878 the erection of St. Joseph's academy was begun and in the autumn of the following year it was opened for use, with a first attendance of 400 pupils. A convent for the Sisters was added in 1880, contiguous to the academy. Both buildings cost in the neighborhood of \$30,000. His next effort was the stately Gothic structure of Corpus Christi church, constructed at a cost of \$20,000.

This was followed by a parochial residence which cost \$5,500. Shortly afterwards he provided the St. Mary's primary school on South Seminary street for the benefit of the children whose homes at a distance from the St. Joseph's academy rendered attendance at that institution inconvenient.

Finally, in 1891, he began the work of the college of Corpus Christi which was completed in 1894 and opened in September 1895 to students by the Rt. Rev. Bishop J. T. Spalding.

Not deeming the cemetery ground sufficient, as well as for other reasons, Father Costa in 1889 purchased thirty-three acres about two miles west of the city. This became St. Joseph's cemetery and has almost entirely superseded the old East Galesburg burying place.

Father Costa was priest in Jacksonville for a number of years during the sixties and early seventies. He built the present Roman Catholic church here and did much other work. At the time he came here the parochial residence was on the corner of North Main street and Lafayette avenue and the church was on the

same property and a small parochial school house. Fr. Costa was a stern disciplinarian but was greatly beloved by the people who gave him a handsome silver service when he left and remarked they would like to do more.

LEAVES FOR THE WEST.

Mr. and Mrs. Thad Eastman and children Lois, George, Charles and Margaret expect to leave Jacksonville Tuesday night at 11 o'clock over the Chicago & Alton for Los Angeles, Cal. Their new home, going via the Santa Fe route. Mr. Eastman has practically spent his entire life in Jacksonville and for 14 years has been in the grocery business, in which labor he has been quite successful. Several months ago Mr. Eastman went to Los Angeles to visit his mother, Mrs. Margaret Eastman and his sister, Mrs. Harry Freeman. So well was he impressed with the western country that he has had the "fever" ever since, which culminated at last in his selling his business here. The family has many friends in Jacksonville who will regret to see them leave, but will wish them an abundance of success in their new home.

READY FOR FLEETS VISIT.

New York, Oct. 5.—Before this time next week the mightiest fleet of warships ever assembled under the American flag will be riding at anchor in the Hudson river. Rear Admiral Osterhaus is due to arrive with sixteen battleships tomorrow, being followed on Thursday next by the reserve, including eleven battleships and four armored cruisers. Other arrivals before the end of the week will make a total of 32 battleships, four armored cruisers, four protected cruisers, 21 special type vessels, three colliers, six naval military ships, 26 destroyers, 16 torpedo boats and 10 submarines, a total of 127 vessels. The secretary of the navy will inspect the vessels on Monday week and the next day the fleet will be reviewed by President Taft.

FIVE MINUTE SERVICE.

Use the Chicago & Alton shuttle trains between the Chicago & Alton passenger station, Springfield, and the State Fair Grounds. Trains will be operated every five minutes in each direction from 8 a. m. until 6 p. m. on the dates of October 7, 8, 9, 10 and 11.

NEWS FORECAST FOR THE COMING WEEK.

Washington, D. C., Oct. 5.—The middle west will be the storm center of the national political campaign the coming week. Governor Wilson will be heard in Kansas, Missouri, Illinois and Ohio. Colonel Roosevelt will visit the same section and will be heard in several cities of Illinois a day or two before the appearance of the Democratic standard-bearer. Governor Marshall Democratic candidate for vice president, expects to devote the week to Illinois, Iowa and Wisconsin.

Republicans and Democrats of Rhode Island will hold their state conventions to name candidates for governor and other state officers and representatives in congress.

The trial of Police Lieutenant Becker for the murder of Herman Rosenthal, which is expected to be one of the most notable criminal trials that has taken place in this country in years, is scheduled to begin in New York city on Monday.

The by-election in the MacDonald constituency in Manitoba, which is fixed for Saturday, is attracting international attention from the fact that reciprocity with the United States is figuring as the most prominent issue in the contest.

Many educators of wide note will gather at South Hadley, Mass., on Tuesday for a two days' celebration of the seventy-fifth anniversary of the founding of Mount Holyoke college, which is the oldest institution in America for the higher education of women.

Another event of the week of interest in educational circles will be the formal inauguration and dedication of the Rice institute at Houston, Texas. The institute is said to be one of the richest colleges in America and possesses an endowment of approximately \$10,000,000 left by the late Marsh Rice, for whose murder in New York some years ago Albert T. Patrick is serving a life sentence in Sing Sing prison.

Monday is the day fixed for the reassembling of the British house of commons for the autumn session. The program for the session is a heavy one, especially when the importance of the legislation is considered. Foremost on the agenda are home rule, Welsh disestablishment, the franchise bill and a measure to allow trades unions to contribute to funds for the support of labor members of parliament.

During the week James Whitcomb Riley, the beloved Hoosier poet, is to be the center of the greatest ovation ever tendered an American writer. Monday will be the poet's birthday anniversary and during the week special exercises in honor of the occasion will be held in the public schools and in literary and art societies throughout the country.

A total eclipse of the sun is to take place Friday, but it will be invisible in the United States except for a very small partial eclipse in Florida and southern portion of the gulf states. The path of totality will cross South America from a point near Quito, Ecuador, to Rio Janeiro, Brazil, thence southeast across the Atlantic ocean.

Canadian historical and patriotic societies will join at the end of the week in a suitable celebration of the one hundredth anniversary of the battle of Queenston Heights, in which the British were victorious over the American invaders, though they lost their valiant commander, General Sir Isaac Brock. On Saturday exercises in observance of the centenary will be held on the battlefield, which is marked by a magnificent monument of General Brock.

LEAGUE BALL OVER IN EAST

No More National or American
League Games Scheduled in East-
ern States.

New York, Oct. 5.—The National and American league seasons closed in the east today with the Boston Americans credited with the largest string of victories of any of the sixteen clubs. The Red Sox record of 105 games won and 47 lost with a percentage of .591, is nine points better than the standing of the New York Giants of the National league 103 games won and 48 lost.

By the results of today's play in the American league, Washington finished in second place by a seven point margin over the Philadelphia Athletics last year's world champions. In the National league a still closer race for second place has brought Pittsburgh and Chicago almost to a tie. The Pittsburgh Pirates have the honors tonight by a two point margin but a loss tomorrow to Cincinnati and a Chicago victory over St. Louis, would give the Cubs the second place.

The Giants won their final game today in Washington Park, Brooklyn, marking the last major league contest to be staged in that old park.

IN SCRIMMAGE GAME.
Illinois College Defeats School for the Deaf by Score of 44 to 6.
The Illinois college football team lined up against the eleven from the State School for the Deaf Saturday afternoon which resulted disastrously to the state school, the score being 44 to 6. It was merely a practice game for both teams and not a contest on the regular schedule. Illinois had no trouble in going through the Tiger line and the game gave both teams a chance to discover their weak points. One of the Tiger players was considerably bruised up as the result of making a tackle.

Illinois' line-up follows: Tandy, center; left guard, Holmes; right guard, Robbins Russell, Dikis; right end, Stewart, Russell, Harry McLaughlin; left end, Furr, Rex Berry; fullback, Alfara; sub fullback, Dargatz; right halfback, Sorrells; left halfback, Jaccard; quarterback, Stewart; right tackle, Kingsley; left tackle, Ross (Cap).

BECKER TRIAL TO BEGIN MONDAY

Famous Rosenthal Murder Case Soon to Be Called in New York City.

New York, Oct. 5.—Herewith is a chronological outline of the famous Rosenthal murder case, in which another important chapter will be begun Monday morning, when Police Lieutenant Charles A. Becker is placed on trial in New York for alleged complicity in the murder.

July 16.—Herman Rosenthal, a notorious gambler who had threatened to expose an alleged connection between Lieut. Becker and New York's gambling and vice syndicate, was shot down in the glare of the lights of the Hotel Metropole, within a few hours of the time he was scheduled to tell his story before the grand jury.

July 16.—Within a few hours of the crime a car in which the murderers are alleged to have escaped, with William Shapiro, the driver, were arrested.

July 18.—"Bald Jack" Rose, well known gambler and former partner of Rosenthal, surrendered to the district attorney, to whom he is said to have confessed to having acted as Becker's collector, also giving details of the alleged murder conspiracy and the names of those concerned.

July 21.—On the strength of the statement made by Rose "Bridge" Webber, alleged gambling house proprietor, and Sam Paul, notorious gang leader, were arrested and charged with complicity in the murder. Both are said to have admitted having an intimate acquaintance with Becker.

July 23.—Harry Vallons, a gangster, suspected of having been one of the occupants of the murder car, surrendered to the police.

July 26.—Frank Cirofici, another suspect, taken into custody.

July 26.—Mrs. Rosenthal, widow of the murdered gambler, testified before the grand jury that Becker collected money from her husband, as did Rose for Becker.

July 29.—Lieut. Becker arrested and locked up on a charge of murder.

Aug. 1.—Frank Muller, alias "Whitey" Lewis, one of the gangsters who fled from the city immediately after the murder, arrested in the Catskills.

Aug. 5.—Disclosures concerning alleged deposits of thousands of dollars put in banks in New York city and elsewhere by Lieut. Becker and his wife.

Aug. 20.—Blanket indictment returned against Becker.

Aug. 22.—Sam Schepers, who is alleged by Jack Rose to have been the man who hired gangsters for Becker and paid them after the murder had been accomplished, was apprehended in Hot Springs, Ark., and returned to New York.

Sept. 3.—Becker's trial fixed to begin before Recorder Goff on September 12.

Sept. 11.—Trial of Becker postponed by agreement of counsel until Oct. 7.

Sept. 14.—Harry Horowitz, alias "Gyp the Blood," and Louis Rosenberg, alias "Lefty Louis," found in a flat in Brooklyn and arrested for the murder. These two were suspected of having done the actual shooting of Rosenthal and their capture completed the roundup of all of those believed to have been directly concerned in the crime.

Sept. 26.—John F. McIntyre, Becker's chief counsel, declared his belief that the accused police lieutenant would be acquitted or that there would be a disagreement of the jury, because of the character of the witnesses and because of the legal questions involved.

Sept. 27.—District Attorney Whitman, in charge of the prosecution, expressed himself as more confident than ever that Becker would be convicted of murder and that the conviction would survive any review by the highest courts.

INTEREST IN DOMINION

Winnipeg, Man., Oct. 5.—Negotiations were made today for the election in the MacDonald constituency. The election is fixed for next Saturday and the contest promises to be one of the most spectacular in the history of the west. R. L. Richardson, publisher of the Winnipeg Tribune, and former member of parliament for Lisgar, is running as an independent candidate with the support of the Liberals. The Conservative candidate is Alexander Morrison, a former of the Carman district, who has for many years been more or less prominent in public affairs. Freer trade, including a greater preference to Britain and reciprocity in natural products with the United States, is the main issue of Mr. Richardson's campaign. He expects to roll up a large majority in the rural districts on the wider markets platform, while the city voters are relied upon by the Conservative interests to hold the seat.

CONFESSIONS PILOT IN MURDER.

Tulsa, Okla., Oct. 5.—The Reuter murder case, one of the most sensational in the records of Tulsa, was called in court today and it is expected the trial will get under way the first of next week. Charles T. Reuter, a lawyer, formerly of Peoria, Ill., was murdered in his home in the best residence section of this city on the night of May 5 last. The police investigation resulted in indictments for murder being returned against Mrs. Laura Reuter, widow of the slain man, and Guy D. Mackenzie, "Bud" Bell and Joe Baker. Bell is alleged to have confessed that the motive for the murder was "love, revenge and robbery," though declaring at the same time that the wife had no knowledge that her husband was to be killed. Mrs. Reuter is confident of acquittal, and public sentiment now appears to be strong in her favor.

A. F. Attag of Stransburg, Ill., was a caller in the city yesterday.

GENERAL MARKET NEWS

HEAVIER RECEIPTS PULL DOWN PRICES

End of Day Left Wheat Market Depressed—Corn Finishes Lower.

(By Associated Press.)

Chicago, Oct. 5.—Heavier receipts northwest had a bearish effect to day on wheat. The end of the day left the market depressed, varying from 1/4 to 1/2c under last night. Corn finished 1/4 to 1/2c down, oats off 1/4 to 1/2c, and provisions trailing from unchanged figures to 7/8c below.

Not only were the arrivals at spring wheat centers more liberal than of late, but country sales increased and there was said to be active hedging in consequence. The Canadian movement, too, showed signs of becoming brisk. All this took attention from war talk, and tended to pull down prices.

A moderate rally came about as a result of assertions that exporters had bid higher at Omaha. There was some comfort also for the bulls owing to predictions of rain or snow in the Dakotas and because a large part of the receipts northwest showed poor quality. No lasting influence, however, was exerted, the market slipping down lower than before. December ranged from 91 to 92 1/2c, with last sales at 91 1/2c, a net loss of 1/2c.

In corn an early speculative bulge gave way to weakness due to fine weather and to the slowness of cash demand. The downturn in wheat counted further against the bull side. December fluctuated between 53 1/2c and 54c, closing easy, 1/2c net lower at 53 1/2c. Cash grades were dull. No 2 yellow was quoted at 66 1/2 to 67c.

Free selling by commission houses weighed on the oats markets. Top and bottom limits for December were 32 1/2c and 32 3/4c, with the close at the last named level, 1/4c lower than 24 hours before.

Plenty of realizing on the part of holders brought about an easy feeling in provisions; January pork led the decline and when the last bell rang was down 12 1/2c net.

NEW YORK STOCK MARKET.

New York, Oct. 5.—The feature of the early dealing in to day's stock market was California Petroleum, which was formally listed on the exchange after steady advances in prices on the curb. The stock opened with large offerings at 66 to 71 1/2 compared with 65 1/2, its closing prices in the outside market yesterday. The stock later dropped several points, but appeared to be in demand. For a brief time the prominence of this new specialty appeared to excite apprehension among traders, and the market wavered slightly. Before the end of the first hour, however, the final dealing, Lehigh Valley came forward, advancing two points on very heavy trading. Other representative issues became active at improved prices, and the movement braced various minor railway stocks and lower priced industrials. The market's rebound from yesterday's late heaviness was ascribed to foreign advices which were more hopeful regarding the Balkan situation. London was a buyer of stocks here, following its long demand for our securities. Further drain on the Bank of England's gold reserves was caused by heavy shipments of the metal to Germany and Egypt. The bank statement furnished some surprises in the cash and reserve items. Actual reserves decreased \$5,350,840 reducing the excess to \$4,145,300 compared with \$9,949,100 a week ago. The cash loss was \$7,326,000 which exceeded all forecast while loans were reduced by a fraction under \$20,000,000. The statement as a whole reflected the uncertain conditions which always attend other periods.

PYTHIANS WILL MEET IN ROCKFORD

Forty-Third Annual Convention of the Grand Lodge Will Be Held This Month.

The Grand Lodge of the Illinois Knights of Pythias will hold their forty-third annual convention in Rockford beginning October 15.

The present grand officers are: Grand chancellor, Charles L. Ritter, Murphysboro; grand vice-chancellor, Joseph M. Omo, Chicago; grand keeper of records and seal, Henry C. Caldwell, Chicago, serving his thirty-fifth consecutive year; grand master of exchequer, Millard F. Dunlap, Jacksonville; grand prelate, William K. Whitfield, Decatur; grand master at arms, Thomas Willamson, Edwardsville; grand inner guard, Augustus A. Parlow, Danville; grand outer guard, John J. Reeve, Jacksonville.

The representatives, grand officers and members of the committees numbered about 600, while some 200 or more additional members were present to receive the grand lodge rank. While Springfield has the distinction of being named in the constitution of the grand lodge as the place of holding the regular conventions in case no other selection is made, it also has the record of having had nine annual conventions. The first seven annual conventions up to and including that of the year 1873, were held in Chicago. Since that time three other conventions were held in that city; the eleventh in 1880; twelfth in 1889; thirteenth in 1906.

Where Conventions Were Held. The first convention held outside of Chicago was held in Springfield, the eighth in 1877. The others were the twelfth in 1881, thirteenth in 1882, sixteenth in 1885, twenty-second in 1891, twenty-fifth in 1894, thirty-second in 1901, thirty-ninth in 1908 and forty-second in 1911. Peoria has had four conventions, the fourteenth in 1883. Bloomington two, the tenth in 1879 and the twenty-first in 1890; Danville two, the thirty-first in 1900 and forty-first in 1910; Decatur two, twenty-fourth in 1893 and thirty-sixth in 1905; Galesburg two, nineteenth in 1893 and twenty-ninth in 1898. Rock Island two, twenty-seventh in 1896 and thirty-fourth in 1902.

The following cities have each had one convention: Belleville, seventeenth, 1886; East St. Louis, thirtieth, 1899; Jacksonville, eighteenth, 1887; Joliet, fifteenth, 1884, and Moline, thirty-eighth, 1907.

An amendment to the constitution of the grand lodge to make past grand officers eligible for appointment on all committees was laid over from last year. The selection of grand guard is about the only contest for election to office which comes before these conventions; this office is the first step to that of grand chancellor, the highest office. This can be reached by advancing a step each year for five years. The candidates for the office of grand outer guard this year so far as can be ascertained are Scott O. Cavette, Chicago; Walter C. Hayes, Belleville; George K. Linton, Lewistown; William H. Moore, Peoria; W. J. Ratledge, Chicago.

WOMAN'S COLLEGE NOTES.

A number of student organizations have been formed during the past few days. In addition to the regular class organizations, the Athletic association has been reorganized, and work has begun in the tennis courts and will continue as long as the weather permits. The students of Indiana have formed an organization, known as "The Indiana Club." Miss Ella Blake was elected president of this organization. The students from Minnesota have also formed an organization, known as "The Minnesota Club." These associations show the good spirit of the students and the desire to help promote the college interests.

Miss Editha Parsons, of the Department of Expression, took up her duties Wednesday.

Mrs. W. T. McDaniel, of Athens, Ala., was at the college Saturday and placed her daughter in the school for the year.

Rev. Charles D. Shumard, of Mt. Carmel, Ill., has completed arrangements to place his niece in the college this year.

The new organ was dedicated in the chapel service Thursday morning in a beautiful and impressive manner. District Superintendent McCaskey and Rev. J. W. Miller assisted Dr. Harker in the exercises. Thursday night the opening concert was given by Harrison Wild of Chicago. Mr. Wild sustained all the statements that have been made concerning the high character of his work.

Special attention is called in these notes to the Artists' course. After the students who are entitled to receive free admission to the course have been given tickets, the remainder will be placed on sale, and may be had for \$5 per ticket. There will only be a limited number of those tickets available, and those caring for them should make arrangements at the college office, or else leave their names with W. T. Brown at his music store. The opening number in the course will be given by Miss Maude Powell, Monday evening, Oct. 21. For all these entertainments reserved seats will be issued. The student tickets are not transferable, and will be good for the term for which the student is enrolled. The patron tickets are transferable, and are made out for the entire course. The numbers of the course are as follows:

Oct. 21—Maude Powell, violinist. Nov. 11—Lorado Taft, artist. Dec. 14—S. Clark, reader. Jan. 13—Dimitrieff, soprano. Feb. 3—Passmore trio, violin, piano, cello.

March 27—Henry Steiner, lecture on sociology.

An evening class in Cookery will be formed for those unable to take advantage of the day classes. This class will meet on Tuesdays and Thursdays, from 7:30 to 10 p. m.

The course will include the selection, preparation and comparative cost of foods. Economical and fancy dishes will be prepared and served in the form of breakfasts, dinners, lunches, and afternoon teas. See Miss Gillett, director of the department, for further information. The class will begin on Tuesday, Oct. 15, 1912. Cost \$10 for 18 lessons.

The Sophomores entertained for the other college classes Saturday evening in the society halls in honor of the Freshmen. It was a masquerade party. A taffy pull was one of the features of the evening's entertainment.

CONSERVATORY NOTES.

Mr. Kritch will play a solo at Northminster church at the Rally meeting Sunday evening, October 6. He will also play an obligato for a vocal solo by Miss Lillian Smith of the School for the Blind.

Miss Jensen played a violin solo, to Miss Carrie Dunlap's accompaniment, at the Brooklyn M. E. church on Thursday afternoon, Oct. 3. Miss Jensen will also play a solo at the State Street Presbyterian church Sunday afternoon, Oct. 6.

The first meeting of the Illinois College chorus, under Mr. Howard D. French, is announced for Monday evening, October 7, at 7 o'clock. Work will be begun on an entirely new cantata of Coleridge Taylor, entitled "A Tale of Old Japan," of which Mrs. Thompson will read the poem on that evening.

Miss Edith Robinson has begun the Monday afternoon story-hours, in which a large number of children have joined with enthusiasm.

A new Victor machine, for use in the Music History class, has been received by Mr. Munger. Also a number of new records.

ILLINOIS COLLEGE NOTES.

On account of the large registration in Freshman German, the class had to be divided into two sections and an assistant instructor employed. Miss Eleanor Capps, a graduate of last year who took high honors in German, has been appointed by the faculty committee of the board of trustees to assist Professor Cole in the German department.

Through the assistance of kind friends a frieze of handsome photographs has been placed on the west wall of the German recitation room. The friends who have contributed these prints are Mrs. Worthington, Mrs. Frank Heibel, Mrs. John R. Robinson, Professor Stella Cole, Misses Rose and Annie Bellatti and Messrs. Logan Hay and Robbins Russell.

The Rev. Howard D. French will address the students at the chapel exercise Tuesday morning. Mr. French was present at the exercises Friday morning and explained to the students the work of the college chorus which he has kindly consented to direct again this year.

The final press work is now being done on the Alumni catalogue and it is hoped that it will soon be ready for distribution. The books will be sold at one dollar per copy.

The first number of the College Rambler, which appeared on Friday, is a great credit to the new board of editors. For the first time in the history of the paper, a girl has been elected editor-in-chief. Miss Marion Taylor, '13, is editor-in-chief, and Morrison Worthington, '15, is the business manager of the paper. The other members of the staff are Genevieve Clark, '13, Robbins Russell, '13, Gaylen Dugger, '14, Annie Bellatti, '14, and Henry Caldwell, Whipple.

RALLY DAY AT GRACE CHURCH.

The Sunday school of Grace church will hold their annual Rally Day service. It is to be a home coming service for all the old members of the Sunday school. It is desired that every former member of Grace Sunday school will get back once more to the rally service. Many church families are expected to be present, from baby to grandparents. The basement of the church which is so well lighted and comfortable is given over to the graded work and primary work while the first floor and gallery is occupied by the older portion of the school. At the rally service an interesting program will be given, including the installation of the new officers. All are welcome to the rally service.

WILSON THE GUEST OF BRYAN.

Lincoln, Neb., Oct. 5.—William J. Bryan welcomed Governor Woodrow Wilson upon the latter's arrival in Lincoln today to deliver an address. The Democratic presidential candidate will remain over tomorrow as the guest of Mr. and Mrs. Bryan at Fairview.

BOWELS BAD, LIVER TORPIA? CASCARETS

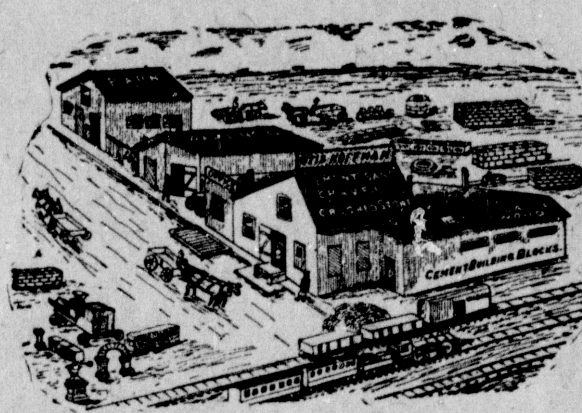

If Constipated, Bilious, Headachy, Stomach Sour, get a 10-cent Box of Cascarets—Take One Tonight. You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out.

Are you keeping your bowels clean with Cascarets, or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep; cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never gripe or sicken.

FAVORITE STOVES & RANGES

Doctors' Bills and Fuel Cost

How Both May Be Reduced

Thousands of people suffer the ills and pay the bills of poorly built, inferior stoves and ranges.

They live in damp, drafty, half warmed, cheerless rooms all winter long. They breathe in a dust- and gas-laden atmosphere.

And in many homes the housewives drudge and toil and worry over badly-baking, wasteful cook stoves that ruin their health and strength.

Why pay the highest cost in doctors' bills and fuel expenses for such discomfort and annoyance. You can prevent it all by installing Favorites in your home.

Favorites cost no more than common heating stoves. They cut fuel bills from one-third to one-half—practically abolish repair cost, and give good service for many years.

They are the final results of sixty-four years spent in stove making. We sell them for we know there are no others as good. Why not insure home comfort and family happiness now by instructing us to place a Favorite in your home?

MOTHERHOOD SUGGESTIONS

Advice to Expectant Mothers

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at hand, but many approach the experience with an organism unfitted by the trial of strength, and when it over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and distinct change in the mother results. There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or duty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time to prepare, women will persist in going blindly to the trial. Every woman at this time should rely on Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism. In many homes where childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SLEYMAN TELLS HOW RUGS ARE MADE

Rug Makers Work For 5 to 10 Cents Daily—Secrets in Making.

How the weavers who make the costliest Persian rugs work for from 5 to 10 cents a day, how the making of some rugs covers a space of seven years, the secret dye which gives the harmonious blends and the mystic significance of the figures in the patterns, is most interestingly told by Mr. Albert A. Sleyman, who arrived in the city a few days ago and is now in charge of the \$50,000 collection of Oriental Rugs at Andre & Andre store.

The Sleymans have been in the rug business for the past fifty years the firm having been founded by Mr. Albert A. Sleyman's grandfather Jacob Sleyman, and developed under his son Abdalla Sleyman. The Sleymans are of Derman descent one of the ancestors having made a pilgrimage to the Holy land married into a Syrian family there and made Damascus their home since that time.

Mr. Albert A. Sleyman was born in Syria and educated in America and makes frequent visits to the Orient.

Make Rugs for Centuries. Ever since 2400 B. C. the finest rugs have come from Persia, says Mr. Sleyman, we also find some remarkable rugs that have been made in Asia Minor, the Caucasus mountains and Western India. The Persians have become experts through generations. The art of tufting and dying is hereditary, being handed down from father to son and from mother to daughter. All the work is done by hand from the setting up of the loom to the finishing of the rug and some of them would require ten and fifteen years to complete.

Keeps Pattern in Mind. The rugs are tufted under the eye of a master artist who often has several assistants. Each of these has a number and the master calls out to them to tie the wool thread through the warp telling them the number of knots of each color. They sing out their response to him, so in the making of rugs there is a continual chant which takes place of the machinery in American factories.

None of these master rug makers have ever seen a printed pattern but keeps the design in his mind throughout the months and years that the rug is in process of construction. For this reason there are no two Persian rugs alike.

To Avert Evil Eye.

Although there are no stock patterns that are produced time and again still there are certain symbols that are woven into the rugs, each symbol with its own significance, for instance with birds and animals are supposed to have the power to avert the evil eye. Also the palm leaf and pear carries the tradition of the pilgrimage that made the long journey to India to worship at a certain shrine there. Near the temple was a river bending around a mountain on one side and the other was an orchard of pomegranates and palms and pears. In the party of pilgrims was a master rug maker and looking up as he was about to reach the temple his eye caught the waving of the palm leaves and the leaf has since been one of the most popular designs in rugs.

RESOLUTIONS FOR MR. BROWN.

The following resolutions relating to the death of Mr. Charles W. Brown were adopted at the meeting of the Association of Drainage and Levee Districts of Illinois, held in Peoria on October 2 and 3. "It is with profound regret that we, both as individuals and as members of the Association of Drainage and Levee Districts of Illinois, have learned of the untimely death of our associate and friend, Mr. Charles W. Brown, of Jacksonville.

"He was one of the founders and most active members of this association, and we will greatly miss his presence and counsel at this and all subsequent meetings.

"Mr. Brown embodied the requirements of the highest class of civil engineer, and was especially skilled in drainage matters. He united in his person the qualifications of a thorough training in the principles of his profession, enriched and strengthened by long experience, an unflinching courtesy in dealing with all classes of people, high or low, and a fine sense of justice and strict integrity in all his dealings. His loss will be felt not only by the community in which he lived but throughout the extensive territory into which his activities extended.

Therefore, Resolved, That we extend our sincere sympathy to Mr. Brown's family; that this expression of our appreciation be spread upon the records of the association and that the secretary transmit a copy thereof to his widow."

HOW PEOPLE KEEP TOGETHER.

In the days when Mrs. Cyrus Epler attended the Jacksonville Female Academy Miss Kimball was principal. Miss Kimball married Prof. Kendall (Rueben, probably), an instructor in Illinois college. Some years after Mr. Kendall was in Germany for a considerable time, perhaps as a United States consul, and his family had opportunities for European education. Mrs. Epler's granddaughter, daughter of Dr. Ernest G. Epler, of Fort Smith, Ark., entered Wellesley college this fall. There one of Miss Epler's instructors is Miss Kendall, daughter of Mrs. Cyrus Epler's former instructor.

BERGSCHNEIDER LAND SOLD.

The Henry Bergschneider farm located about seven miles southeast of the city and not far from Pisgah has been sold at \$181 an acre. The purchaser was Anton Bergschneider, one of the heirs.

The farm consists of 269.7 acres and is regarded as a very good piece of land. Elderly citizens will remember it as the Robert Morrison farm and later it changed hands once or twice and fell into the possession of Mr. Bergschneider who was reckoned as a first class farmer, keeping up his land and not letting it run down and get poor. The land was put up in two lots one of 105 acres, which was bid in by O. F. Conklin at \$181 an acre and the other and larger tract went to John Jackson at \$180 an acre. The whole was then put up and bid in at \$181 an acre as stated. The farm is regarded as a very cheap piece of land at the price. The sale was held to make a division of the Bergschneider estate. J. P. Lippincott was the attorney who made the arrangements of the sale.

The first directors were Mrs. E. J. Bancroft, Mrs. S. J. Platt, Mrs. M. E. Kennedy, Mrs. Sarah Walton and Mrs. R. F. Robinson. All but Mrs. Kennedy have gone to their reward on high but their work remains.

Joseph R. Sanborn, was ordered to day to recruit to war strength and prepare to depart in response to an emergency call at a moment's notice. One other Illinois regiment will receive similar orders, it was said, to day. The move is part of the war department's preparation for possible intervention in Mexico should the senate investigating committee so recommend.

INQUEST OVER D. C. SMITH.

Jury Returns Verdict That Deceased Came to His Death by Natural Causes.

Saturday evening at 6 o'clock at Reynolds' undertaking establishment Coroner G. V. Skinner held an inquest to inquire as to the nature of D. C. Smith, who was found dying in the livery barn of Thomas Scott at the corner of Broadway and Jordan alleys, and the jury returned a verdict that the deceased "came to his death by natural causes, unknown to the jury, probably from hemorrhage."

The jury was composed of Henry Norrup, foreman; Earl Butcher, James Coffee, Fred E. Stice, Herman Zeiler and J. F. Sullivan, clerk. The witnesses examined were Dr. Carl E. Black, Captain James Trahey, T. W. Scott, L. P. Owen, William Craig and John M. Carroll, and the testimony was substantially the same as the story published in the Journal Saturday morning.

The remains of Mr. Smith were removed to the residence, 615 North Fayette street, where funeral services will be held this afternoon at 3 o'clock in charge of Rev. J. W. Miller, pastor of the Grace M. E. church. Interment will be made in Jacksonville cemetery and the services at the grave will be in charge of the Modern Woodmen.

IT STANDS ALONE.

John Phillip Sousa is to come Monday and the Sousa band, of course, and both will appear at the Grand Monday afternoon in concert. Sousa's special soloists on the present tour are the same identically as on the last world's tour, when such a brilliant success was achieved from start to finish. The soloists are: Miss Virginia Root, vocalist; Miss Nicoline Zedeler, violinist; and Mr. Herbert L. Clarke, cornetist. The band is known to be in splendid fettle after a solid year of playing clean around the globe. The great voyage gave the men new spirit, health and ambition, and results are in evidence the moment Sousa takes up his baton. Like thoroughbreds in a classic event, they are eager to be off in the biggest program that Sousa can put together. More than ever, advices say, the Sousa band has distanced the point of comparison by leagues. It stands alone!

Why should you worry, Garland & Co. can suit the boy.

J. H. S. LOSES TO TAYLORVILLE 34 TO 0

Christian County Lads Outplayed Local Men and Won Contest Easily.

Jacksonville High school met defeat Saturday afternoon at Taylorville when they lined up against the high school of that place, the score being 34 to 0. Better all round team work won for Taylorville, while the J. H. S. athletes appeared to lack organization, although considering everything they put up a good game. Taylorville was fortunate in having a star fullback and a splendid quarterback and they made their big gains by forward passes and by end runs. The Jacksonville boys did not seem the least bit discouraged upon their return last night and felt that with a week or more practice that the aggregation would be a strong as that of last season. It will be remembered that J. H. S. went to Danville last season for the first game and was defeated by a score of 25 to 5.

The high school is keeping a close tab on the standing of the students this year and all the athletes must carry the required hours of work and also be up in their work. Day and Denny, who were the last to register at the high school, did not have their work quite up, so the authorities at Taylorville were notified in advance of the conditions and they stated that they also had one man in the same boat, but not to let that interfere, to send the team along, so it was mutually agreed between the two teams that the three men should play.

Coach Buland shifted his men not a little and the different positions were filled as follows: Quarterback, Maddox; fullback, Day; halves, Cannon and Reeve; ends, Red, Jackson, Denny; center, Hale; tackles, Stewart, Hall, Rogerson, Jackson; guards, Alcott, Reid. The Messrs. Jones acted as referees.

THIS IS RALLY DAY.

Today is Rally Day at the South Side mission and they are endeavoring to have 100 present. The exercises commence at 2:45 p. m. and everyone is cordially invited.

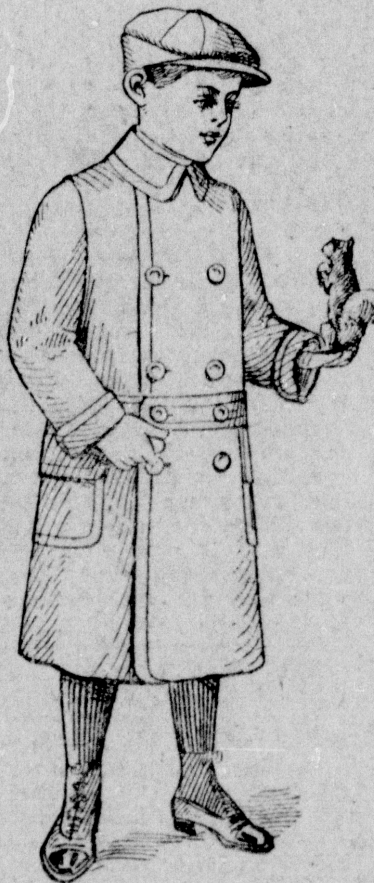

The selection of your Fall Suit and Overcoat should not be postponed. Those who choose first get the cream of the choice. The seasonable weather demands heavier wearables. Perhaps you're going to the FAIR or away

from home. In either event, there's decided advantages in your purchases at home. You avoid the confusion and worry; more careful selection, and often a saving in price. Good clothes among strangers is your passport.

Unusual Interest is Being Shown in "The Sleyman Colection"

Authentic Oriental Rugs

Hundreds of rarely beautiful Persian Turkish and Caucasian Rugs at prices not approached elsewhere.

Though these are grouped for convenience in showing you the sizes and in matching for color-harmony with each other, or with the rooms for which you intend them; they were not bought in "lots" comprising a few excellent pieces, and a number barely mediocre. Each rug has been carefully, skillfully, painstakingly chosen by Sleyman's expert buyers, who know every minute detail of the Rugs of the Orient—Mr. Sleyman will show them to you. This collection will be with us another week and the opportunity deserves immediate consideration.
